

Line 700

electric ranges/with ovens

The top plate is made of stainless steel CrNi 18/10 class AISI 304 with thickness 1.5 mm. The base legs are made of stainless steel and are height adjustable. The whole unit complies with protection IP24. The unit 700 specifications include high performance, pressed tanks with round internal angles and ergonomic front panels with operating and control elements.

- top plate from stainless steel AISI 304 thickness 1.5 mm
- internal thermostatic protection against overheating
- 6 level output regulation
- in design with 2, 4 or 6 stoves
- oven GN 1/1 or GN 2/1
- temperature range in oven 50-300 °C
- pressed oven chamber, circulating air in selected models
- water resistant control – prevents penetration of liquids in the cavities
- base-free solution, with base, with oven
- low rear chimney with cast iron grill
